BUT WHY ARE THOSE COSPLAYERS HERE?

From The Management Committee

Sab News

An SSS ranked dragon has appeared in Ashida-ku of Tokyo.

To combat this, the Shinsengumi has arrived at the scene

A large scale battle is expected to ensue, therefore, low level players are advised to evacuate the area.

The results of the battle will be sent, via mail, at a later time

Also, be cautious of the player hunting group claiming to be the 'Black pirates' in the Osaka area
